

THE DINOSAURS ARE COMING!

Montreal, September 28, 2022

PRESS RELEASE FOR IMMEDIATE RELEASE

A Dinosaur-Sized Experience that's Fun for All, Big and Small

Dinosaur Invasion at the Montréal Science Centre

Overview

- An all-new feature exhibition ***Dinosaurs Around the World*** from **October 9 to March 12, 2023**.
- Highly engaging interactives including **20 life-sized animatronic dinosaurs** that move and roar!
- Including an immersive dinosaur IMAX® experience at the **IMAX@TELUS theatre** with the film *Dinosaurs of Antarctica 3D*.
- A special **benefit event** for the whole family hosted by the **MSC Foundation** on October 8 featuring a sneak preview of the exhibition.
- An exhibition-specific visit guide to complement the existing **Visit Guide for Accompanying People with Special Needs** to help families plan a carefree visit.
- **[Buy your exhibition passes today!](#)**

Get ready to hear the roars of dinosaurs at the Montréal Science Centre this winter in the **all-new feature exhibition *Dinosaurs Around the World***. Bring the family and discover these enormously fascinating creatures from **October 9 to March 12, 2023**.

Dinosaurs ruled the Earth for 172 million years, but where did they come from? How did they make their way to every corner of the planet? How did they communicate with each other? Learn all about them in this new exhibition where **you'll embark on a worldwide expedition exploring all these fascinating questions** through a series of highly interactive adventures. **Build your own dino** then **play**

with **paleontologist tools** and **unearth fossils** and then **slide down the back of a sauropod** and **climb the backs** of other dinos too. You can even **touch a 67-million-year-old fossil** with your own hands!

The most exciting part is roaming around the Montréal Science Centre and meeting **20 life-sized animatronic dinosaurs!** Their size and their realistic movements will make you feel like you've travelled back in time to wander the very same ancient landscapes that these gigantic creatures called home.

Ready for an extraordinary worldwide adventure?

An All-New IMAX® Film: *Dinosaurs of Antarctica* 3D

Make it a **100% immersive dinosaur experience** thanks to an **all-new film** showing at the IMAX®TELUS theatre: *Dinosaurs of Antarctica* 3D.

From the Permian through the Jurassic, journey to the south polar landscapes of Antarctica as they were hundreds of millions of years ago. Roam the primitive forests and thick swamps crawling with bizarre dinosaurs and colossal amphibians. Explore a surreal world of giant egg-laying mammals where survival means enduring the sunless, six-month polar winter surrounded by meat-eaters with night vision.

Join intrepid Antarctic scientists on a journey to find this prehistoric world now trapped under the ice. Take part in their quest to understand this ice continent's profound transformation and predict its future as humans drive dramatic climate change.

Welcome to the lost prehistoric world of Gondwana. Welcome to Antarctica.

A New Benefit Event to Support the MSC Foundation

The Montréal Science Centre Foundation will welcome families to **a fresh new benefit event on October 8** presented in connection with the opening of the new feature exhibition. The benefit is a very special VIP morning event designed to delight guests with a **show, delicious goodies**, and **a sneak preview of the exhibition** before it opens to the public. To support the Foundation and take part in this benefit event, [go online to buy event tickets now.](#)

A Special Guide to Help Plan Your Visit

Family outings with children with special needs aren't always easy. The **Montréal**

Science Centre has prepared an [additional visit guide](#) for the *Dinosaurs Around the World* exhibition to accompany its existing [Guide for Accompanying People with Special Needs](#). This guide lets you familiarize yourself with the exhibition's environment and interactive activities so that you can **choose which ones are best suited for your children** in keeping with their special needs and preferences.

About the Montréal Science Centre Foundation

Founded in 2000, the Montréal Science Centre Foundation supports the development, funding, and operation of the Montréal Science Centre (MSC). It funds the MSC's permanent exhibitions and school programs as part of its mission to spark the curiosity of young people in an effort to help them discover and further their knowledge of science and tech. Its work helps pave the way for the next generation of scientists.

About the Montréal Science Centre

The Montréal Science Centre, a division of Canada Lands Company, is a complex dedicated to science and technology, with more than 700,000 visitors annually. It is characterized by its accessible, interactive approach and its showcasing of local innovation and know-how. **Its partners are Volvo, Énergir, The Beat 92.5 and La Presse.**
