INTRODUCTION TO INFO SOURCE

Info Source: Sources of Federal Government and Employee Information provides information about the functions, programs, activities and related information holdings of government institutions subject to the Access to Information Act and the Privacy Act. It provides individuals and employees of the government (current and former) with relevant information to access personal information about themselves held by government institutions subject to the Privacy Act and to exercise their rights under the Privacy Act.

The Introduction and an index of institutions subject to the Access to Information Act and the Privacy Act are availably centrally.

The Access to Information Act and the Privacy Act assign overall responsibility to the President of Treasury Board (as the designated Minister for the government-wide administration of the legislation).

BACKGROUND

Old Port of Montréal Corporation Inc. (“OPMC”) is an agent Crown corporation, which owns and operates the Old Port of Montréal and the Montréal Science Centre.

In November 2012, the Government of Canada authorized the amalgamation of OPMC with Canada Lands Company CLC Limited (“CLC”). The objectives were to improve efficiency and financial accountability, clarify governance and leverage CLC’s real property management expertise. The operational amalgamation of these entities has been completed. The stated government objectives of the amalgamation; strengthened accountability, greater efficiency and leveraging CLC real property management expertise are being realized while also maximizing non-financial benefits.

RESPONSIBILITIES

The mandate of OPMC was confirmed by the Government in December 2002 and consists of developing and promoting the development of the OPMC’s territory, and of administering, managing, and maintaining the property as an urban recreational, tourism and cultural site.

The site is also home to the Montréal Science Centre, which operates with the mandate to help visitors of all ages discover, understand and appropriate science and technology for use in building their future.

INSTITUTIONAL FUNCTIONS, PROGRAMS AND ACTIVITIES

The Old Port of Montréal is a 100.6 acre (40.7 hectare) waterfront property in the City of Montréal’s historic area which provides touristic and recreational activities to area residents and visitors, as well as providing a 2.5-kilometre long green space. Its flagship attraction is the Montréal Science Centre which was opened in 2000 with a mandate of providing science education through exhibits and activities.

INTERNAL SERVICES

Internal services constitute groups of related activities and resources that are administered to support the needs of programs and other corporate obligations of an organization. These groups are management and oversight services, communications services, legal services, human resources
management services, financial management services, information management services, information technology services, real property services, materiel services, acquisition services, and travel and other administrative services. Internal services include only those activities and resources that apply across an organization and not to those provided specifically to a program.

**Acquisition Services**
Acquisition services involve activities undertaken to acquire a good or service to fulfill a properly completed request (including a complete and accurate definition of requirements and certification that funds are available) until entering into or amending a contract.
- Procurement and Contracting Class of Record
  - Professional Services Contracts Personal Information Bank

**Communications Services**
Communications services involve activities undertaken to ensure that Government of Canada communications are effectively managed, well-coordinated and responsive to the diverse information needs of the public. The communications management function ensures that the public—internal or external—receives government information, and that the views and concerns of the public are taken into account in the planning, management and evaluation of policies, programs, services and initiatives.

CLASSES OF PERSONAL INFORMATION
In the course of conducting the programs and activities of OPMC, categories of personal information may be accumulated which are not contained in the specific information banks described above. This information is stored as part of the general subject files, where records are not normally retrieved by name of individual or other identifier.

This form of personal information is normally retrievable only if specifics are provided concerning the subject matter, related program activity, as well as the date the information was received by OPMC and the name of the person to whom it was addressed. The retention periods for these types of personal information are controlled by the records disposal schedules of the general subject files in which they are stored.
